PROJECTS

IETE chennai Website — Built using HTML,CSS and JavaScript

Developed a fully functional website for Iete chennai that secured third place in a competition.

Crafted an engaging and responsive user interface by utilizing a stack of HTML,CSS and JavaScript.

FixMyLoan — Built using HTML,CSS and JavaScript

Developed and launched “FixMyLoan” a website addressing loan related issues, featuring an engaging user interface with a seamless experience and user-friendly address integration.

Leveraged HTML and CSS to create an intuitive interface that enhances user experience.

AI assisted Physiotherapy(Ongoing)— using Python

The project aims to create personalized physiotherapy routines for enhanced patient recovery.

Integrating AI algorithms showcases my dedication to merging technology with healthcare for optimized therapeutic solutions.
